

BRAD ALLGIRE

CONTACT: P. 614.632.4956 E. BRADALLGIRE@GMAIL.COM

OBJECTIVE

To work as a professional in a challenging environment. I hope to produce successful and unique designs to enrich the lives of others.

EDUCATION

Columbus College of Art & Design

Bachelor of Fine Arts Degree
Industrial Design Major
Cum Laude

EXPERIENCES

COSI Center of Science and Industry

Exhibit Fabricator - 2014
Design, prototype, build, and install full scale exhibits in both the museum environment and the traveling exhibit program.

DelCol Concrete

Industrial Designer - 2011 - 2014
Invent new fabrication methods. Conceptualize, design, and fabricate unique furniture pieces, restaurant/retail fixtures, and countertops using concrete as the main element.

Marble and Granite Works

Account Service Representative - 2010 - 2011
Manage customer accounts to ensure quality and correct payment are provided and received for each job. This includes gathering and organizing information, customer interaction, and accounting skills.

Fabricator/Installer - 2009-2010

Fabrication and installation of high end granite/marble counter tops in both residential and commercial applications.

Deep Blue Design

Model Design Internship - 2008
Design and fabrication of large scale models. Daily functions would include design, construction, and to plan build lists from CAD models. In most cases the models were full scale locomotive cabs which required multiple construction techniques.
